**Department of Otorhinolaryngology
Financial Policy**

Welcome to the Department of Otorhinolaryngology. The following is a statement of our financial policy. We hope this gives you a better understanding of how our billing works.

Patients have many different types of insurance and payment options for services rendered. Also, not all physicians in the practice accept the same type of insurance. The three most common scenarios are outlined below. Please read the following, and if you have any questions or concerns please call the office of the physician you are seeing.

Participating Plans

In this scenario the physician you will see participates with your insurance plan. It is your responsibility to ensure your physician is in fact currently a provider in that plan. At the time of service you will be responsible for all co-payments as outlined by your plan coverage. The co-payment is typically listed on your insurance card. The Medical College will then forward a bill to your insurance carrier who will inform the College if any deductible or percentage of payment is due from you. You will receive written notification of such decision any may ultimately be responsible for such payments as determined by your insurance company.

If your plan requires a referral, please present the referral at the time you check-in. If you do not have a referral, you will be responsible for full payment at the time of service.

Non-Participating Plans

In this scenario the physician you will see does not participate with your insurance plan. Payment for services is due at the visit. You will then be given a Health Insurance Claim Form which you can mail to your insurance company to seek reimbursement directly to you.

Medicare

Drs. Kacker, Kuhel, Kutler, LaBruna, Lin, Prasad, Reisacher, Roure, Selesnick, Stewart, Sulica, and Voigt accept Medicare assignment, as do our Audiologist, Joseph Montano, Marjorie Klaskin, Michelle Kraskin and Hannah Schonfield. For their services, Medicare will be billed directly. Medicare will determine appropriate payment and if a deductible or any percentage of payment is due from you. Typically, Medicare requires 20% of the payment – along with any unpaid deductible – to be paid by you, or by your secondary insurance, if you have one.

Some of the ENT physicians and Audiologist in the practice do not accept Medicare assignment. If the provider is not listed above you will be responsible for payment at the time of service. Your claim will then be forwarded to Medicare who will determine appropriate reimbursement.

Payment

Cash, Check, Mastercard, Visa, Discover, American Express and NYCE cards are recognized forms of payment.

We hope this information is helpful. Again, if you have any questions or concerns, please contact your physician's office.
